 Turnix ocellatus 14990  
 14796, 14795  
 The above were specimens  
 which I had left out for  
 study. In addition to the  
 above Mr. Wm. Greger borrowed  
 a number of birds from  
 my collection to be returned  
 to Mr. Wm. when his  
 studies of them are completed.  
 Tringa acuminata was  
 the Sandpiper seen on Batan  
 Mr. Wm. Greger obtained one.  
 Serriaco shot one, but laid  
 it on a bank where a  
 native found it during  
 his absence.

George Goodfellow  
✓ 1059 O'Farrell St  
San Francisco,

or Tucson,  
Bull. 5-5-

Benson, Arizona. Sept. 20  
1907. Delayed hours by  
wrecked freight train ahead.  
Took walks north and  
south of the railroad. Saw  
*Lepus texianus eremicus*,  
*Spermophilus harrisi*. - 2.

*Neotoma albigularis*. - A  
great many chip houses  
(composed of sticks, roots  
cacti, stones, cow chips, etc.)  
All were around large  
*Platanus*.

Birds. - Beside an irrigation  
<sup>surrounded by willows</sup>  
pond, saw one Solitary  
Tattler, a pair of *Sayornis*  
*nigricans*, *Vireo swainsoni*,  
*Sayornis sayi*, *Chondestes*,  
Song Sparrow (altm.). *Spizella*  
*breweri*, and a Marsh Wren.  
(*Telmatalodytes*).

Elsewhere were seen:  
Turkey Buzzards, Redtailed

Hawks, Sparrow Hawks,  
*Calamospiza bicolor*,  
*Carpodacus mexicanus frontalis*,  
*Geococcyx californianus*,  
*Dendroica aestiva sonorana*.  
*Poliophtila*  
*Amphispiza bicolor*  
*Spizella breweri*  
*Zonotrichia intermedia*  
*Oroscoptes montanus*  
Nests of *Cactus Wrens* - many.  
*Corvus cryptoleucus*  
*Lanius excubitorides*  
*Falco* & *Sceloporus*  
*a. canutus* - young 1/3 grown  
*Geothlypis nasei illinoensis*  
*Aegialitis vocifera*.

Oct. 21, 1907

Point east of Tennyson  
I noted  
*Ammodramus*  
*Aegialitis vocifera*  
*Agelaius*  
*Chondestes*  
*Spizella breweri*  
*Zenaidura macroura*  
*Buteo borealis calurus*  
*Callipepla squamata*  
*Corvus cryptoleuca*  
Turkey Buzzard

3/4 hour in El Paso.

Buildings all standing in  
old Fort Hancock

Large colonies of Prairie  
Dogs from

Junction to a point east  
of Fay, Texas and <sup>nearly</sup> as  
far as Ballintyne.

Birds W. Texas. - *Buteo calurus*

*Fulco sparverius*. - Extremely  
abundant

*Zenaidura macroura*. - do  
*Chondestes*

*Agelaius*. - Enormous flocks

*Fulica americana*. - Many  
in a pond west of Fay.

*Sayornis saya*. - One at  
Ballintyne Stn.

*Aegialitis vocifera*

*Buteo borealis calurus*

*Corvus cryptoleucus*. - Very  
abundant to Ballintyne  
Several flocks - one of about 200.

*Chelidon horreorum*

Sept 22

One station W. of  
Harwood the oak forest  
begins. A few miles  
east of there the oaks became  
clothed with festoons of  
Spanish moss.

Bobwhites at Spring-  
ton, N. C.
